

COURSES CALENDAR 2024

Oslo Børs and Academy – Euronext Group

Oslo Børs and Academy – Euronext Group 2024 suite of courses

Courses addressed to Norwegian listed companies with a local focus

Oslo Børs and Academy are glad to present a suite of courses designed for the Norwegian listed and newly listed companies executive teams. Here below you may find a short description of the 2024 available courses, the full course calendar as well as a selected list of **certification programmes** designed by Academy, the Euronext Group training centre.

Course for Board Members

This refresher course, held over half a day, will contribute to raise both knowledge and awareness of the **duties of the board and board members' responsibilities**, tasks and possible pitfalls.

Capital Market funding options, the current overarching financial markets regulatory framework as well as the board's role in listed companies are key topics on the seminar's agenda. Our ambition for this course is to help Board members be better prepared to meet their **continuing responsibilities** and to face potential, unforeseen challenging events.

This training programme is designed for:

- Board members
- The Company's management
- Others who work with the board of the company

Training delivered in partnership with **Carnegie AS** and **Advokatfirmaet Schjødt**.

Continuing Obligations

The programme covers the issuer's main **obligations under the Market Abuse Regulation, key disclosure rules** and other **regulatory requirements** that would enhance the company transparency and its compliance with the local and EU regulatory framework, thus increasing shareholders' trust.

The Course will provide delegates with a solid understanding of:

- The current EU regulatory framework and the main rules of the Oslo Børs rule book
- The main duties of disclosure and the concept of Inside Information
- How market supervision processes work and the related sanctions

This training programme is addressed to all issuers admitted to trading on Oslo Børs, Euronext Expand and Euronext Growth Oslo, and particularly to Legal and compliance departments, IR departments and Financial analysts.

Training delivered in partnership with **Advokatfirmaet BAHR**.

Market Abuse Regulation

The training course is aimed at providing C-suites of listed companies with an overview of the **main rules, sanctions and practical implementation of the Market Abuse Regulation** in Norway.

The programme will cover the key MAR principles and purposes, all relevant concepts related to the **identification and assessment of inside information** and the main routines to disclose such data, including unlawful disclosure and market manipulation.

Practical examples will further highlight real life cases of sanctions and pitfalls.

The course is addressed to Legal and compliance officers, IR managers, Lawyers and Advisors, Internal Auditors, and Board Members of listed companies.

Training delivered in partnership with **Advokatfirmaet BAHR**.

ESG for Board Members

The course has the objective to enable board members with the necessary skills to fulfil their role of **influencing and steering the integration of sustainability** into their company's strategy.

Environmental, Social, and Governance ('ESG') concerns will be analysed as strategic and risk management challenges and opportunities for boards.

A specific company case will be presented as a tool for all participants to benchmark best practices.

The training is addressed to board members, IR managers, Company Secretaries and executives teams of listed and non listed companies

Training delivered in partnership with **Wikborg Rein** and **PwC**.

Continuing Obligation for Debt Issuers

The programme covers the Oslo Børs debt issuers' main **obligations under the MAR, key disclosure rules**, such as the loan document, and all those **regulatory requirements** that would enhance the company transparency and compliance with the current regulatory framework, thus increasing shareholders' trust.

This programme is addressed to Legal and compliance departments, IR departments and Financial analysts from all those companies/debt issuers admitted to trading on Oslo Børs, Euronext Expand and Euronext Growth Oslo.

Training delivered in partnership with **Advokatfirmaet BAHR**.

Courses addressed to Norwegian listed companies with an International focus

Investor Relations Certification Programme

This modular “Investor Relations Certification Programme” is designed to provide IR Professionals and Board Directors with an **in-depth update on current IR best practices**, including **ESG disclosures**. The Mastercourse covers the breadth of regulation compliance and disclosure practices, latest developments in the use of technology and social media to build closer relationships with investors, changes in critical aspects of the day to day role of IR.

The programme offers a wealth of **real life case studies** with speakers that are well-known industry experts.

The final qualification will equip successful candidates with the necessary knowledge, tools and competence to manage effective, fair and trustworthy communications between the company they work for and their shareholders and stakeholders.

Driving Corporate Sustainability Transformation Certification Programme

Powered by the expertise of a leading financial market infrastructure and the research centre of a globally leading Business School, this hands-on Sustainability Programme provides participants with the frameworks, tools and mindset to **carve out a transformative sustainability roadmap** for their own organisation.

Participants will learn through online live teaching sessions, video lectures, interactive activities and assignments. For those Corporate Responsibility and Business Sustainability managers and experts who are already working in the field, the certificate provides an opportunity to **further develop competencies** and **take their career to the next level**.

Participants will be exposed to industry experts and thought leaders in the sustainable finance and sustainability space. Post-programme, participants will be in the position to present and discuss a clearly articulated sustainability transformation roadmap with their CEOs or exec teams.
